

TEXOIR

2018 ROUSSANNE

Texoir is a single varietal project, showcasing vineyards planted to the warm climate grape varieties that thrive in the unforgiving Texas High Plains a.v.a.

Vintage: 2018 Record low winter temps led into a very hot and arid Spring causing low fruit set. Late Summer rains came in to ease vine stress and delivers great concentration on low yields.

Varietal: Roussanne is the darling white grape to the High Plains. It loves the hot, dry days and cool nights, and always allows for good balance of fruit and acid.

Taste: Notes of white flowers, honey and Bosc pear. A few months in neutral oak offered a meringue like softness that balances with the crisp acidity and minerality.
